School Accountability Report Card

Reported Using Data from the 2014-15 School Year

Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Yellen Learning Center is committed to providing a safe environment for students, staff and community members. We maintain a locked campus with access limited to the main office entrance. Safety procedures and disaster preparedness are outlined in the Yellen Learning Center Emergency Disaster Plan. Through monthly drills, students develop the skills, habits, and attitudes that minimize panic and encourage intelligent action in the event of a sudden disaster. The primary responsibility of all teachers, paraeducators and other support staff during and after any emergency is to ensure to the best of their ability, the safety and welfare of their students. Security supervision is provided from 8:30 a.m. to 5:00 p.m. daily. An LA County Sheriff assigned to the Palmdale School District for campus security is shared with Yellen Learning Center.

Our Safety Plan is located in the office.
