School Accountability Report Card

Reported Using Data from the 2012-13 School Year

Published During 2013-14

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012–13 Academic Performance Index Reports Information Guide located on the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

School Description and Mission Statement (School Year 2012-13)

This section provides information about the school, its programs and its goals.

Palmdale School District Mission Statement

The mission of the Palmdale School District is to provide each child with a rigorous and relevant academic education, a safe learning environment and the knowledge, skills and attitudes necessary for success in the 21st Century.

Los Amigos is a 50/50 dual language immersion school in the Palmdale School District. Our goal is to develop students who are able to speak, read, and write both English and Spanish through standards based instruction in both languages beginning in Kindergarten. Half of the students are native English speakers who are learning Spanish, and half of the students are native Spanish speakers and are learning English. All students, regardless of their first language, spend half of their instructional time in each language. We utilize research based, best practices and instructional strategies for all students. By selecting highly trained teachers representing countries throughout the world, our staff is able to insist on rigorous academic standards while providing excellent language models for our students.

Through dual language instruction, students achieve academic success, develop a positive self-image, and attain cross-cultural understanding. Language, culture, and heritage are preserved and respected. Children are taught to value the differences that make them unique and to strengthen the commonalities that draw them together. They come as speakers of different languages, barely able to communicate with each other. Through intentional group learning, they study and grow together through shared work in two languages.

Los Amigos relies heavily on a strong home/school partnership for its success. Parents are encouraged to participate in the School Site Council, the English Learners Advisory Committee, and the Parent Teacher Association. These groups help it plan, review, and refine the dual immersion educational experience.

Parents also are encouraged to volunteer in classrooms and families are expected to be active participants in school activities.

Opportunities for Parental Involvement (School Year 2012-13)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Parents and community members actively participate on the various committees that plan, implement, and evaluate the curricular programs. Los Amigos has the following committees: School Site Council, Parent Teacher Association, English Learner Advisory Committee as well as the School Advisory Committee (SAC).

There are many events that are scheduled for parents and families to attend: Back-To-School Night, to acquaint parents with the instructional program; monthly Family Nights; Parent Conference, two times per year to set goals, determine needs, and assess student progress; and school volunteers, to assist and tutor students. Also, families are invited to attend PTSA meetings, Parent Academy, multicultural performances, and holiday programs. Los Amigo's goal is for parents to participate in many events a year. The parents will receive written notices and telephone calls to inform them of how they can be involved.

III. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

IV. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school’s statewide and similar schools’ API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched “similar schools.” A similar schools rank of 1 means that the school’s academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school’s academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations Web page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

School Safety Plan (School Year 2012-13)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

The school staff received a copy of the Los Amigos Safe School Plan along with the Site Emergency Preparedness Plan. This plan was last updated in March of 2013. Under the leadership of the assistant principal, and principal the site safety committee meets monthly to discuss and make decisions regarding strategies to improve the safety of the school, students, staff and families.

All staff members are required to become familiar with the plan and their particular duties in case of emergency. This plan is reviewed and updated annually.

Los Amigos has regular fire drills, drop and cover drill, and a yearly disaster drill. To add to the safety of our campus, the entire school is equipped with gates and is alarmed to deter any break-ins and/or thefts.

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

Los Amigos offers remediation and enrichment through extended learning opportunities through Clinic and small group instruction. GATE students receive a differentiated curriculum according to their GATE IGP's determined through collaborative goal setting effort involving the student, parent, and teacher. EIA/LEP funds support the services of our bilingual aides. We have two resource specialists, two special day class teachers, adaptive PE teacher, a speech therapist, a school psychologist, kindergarten aides, and special education aides that support children with special needs. XI. Instructional Planning and Scheduling

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

Teachers meet frequently within and across grade levels in lesson study and grade specific institutes to plan and discuss what they are doing and how to coordinate instruction. A teacher survey is taken throughout the school year that guides site professional development and in-service selection decisions. Student data is also used to determine professional development offerings. Sites design specific professional development based on academic content standards, the California Standards for the Teaching Profession, and research-based practices.

Educational Services, Special Education, English Learners, Student Assessment and Accountability, and Teacher Support departments participate in the planning and implementation of District staff development activities. Courses are offered throughout the year on week nights and Saturdays.

Trainings are also offered during the summer months on content specific and professional areas such as SIOP, Teacher Leaders, English Language Arts, mathematics workshops, unpacking standards, and intervention programs. Administration training focuses on the development of learning communities, common core standards, higher level thinking, and curriculum..

Conference and convention attendance, in-service meetings and staff collaboration offers additional opportunities for professional growth. Teachers observe other as professionals, engage in peer coaching and work with mentors and grade level or departmental colleagues.
