School Accountability Report Card

Reported Using Data from the 2012-13 School Year

Published During 2013-14

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012–13 Academic Performance Index Reports Information Guide located on the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Our students will be empowered to become literate life-long learners and responsible citizens.

Ocotillo Elementary School provides a curriculum that:

- Reflects real world experiences
- Immerses students in a rich learning environment
- Develops strong basic skills through project-based activities
- Allows all students to participate in a rigorous core curriculum based on state and district standards
- Provides opportunities for students to use a variety of higher level thinking skills

Ocotillo Elementary School is proud to have a highly trained and dedicated teaching staff offering a rigorous curriculum that is researched-based and proven to be highly effective. Teaching strategies focus on the various learning styles of our students to fully develop the academic, social, emotional and physical dimensions of every child.

Our current enrollment is 1075 students in grades K - 8. Ours is a diverse population. 65% of our students receive free or reduce lunches and we have a 20% mobility rate. Ocotillo supports five special classes for students with Autism in grades Pre K-8 and one Special Day classes for students in grade 3. Gifted students are clustered by grade level with teachers who have or are attaining an appropriate certification.

At Ocotillo Elementary School we believe the teacher is the greatest influence on a child at school, and the parent is the greatest influence in a child's life. Therefore, a strong home-school connection is essential. In addition, Ocotillo has a good rapport with local businesses that actively support school activities.

Technology is a priority at Ocotillo. In addition to 3 computer labs, there are at least four computers in each classroom. Each classroom has a TV with DVD/VCR, cable connections, and computer connectivity along with projection systems. We are working to supply each classroom with an interactive white board and student responders. Ocotillo's library houses more than 16,000 books.

As a unified staff and academic community, Ocotillo Elementary focuses its efforts on maintaining a positive learning environment. We believe in:

- A positive environment in which challenging, engaging, and meaningful, learning occurs
- A commitment and accountability to high standards
- Collaboration among teachers, students, parents and administrators

We also hold an annual Readers Are Leaders Day and invite community members to read with our students and also to share their areas of expertise.

PTA can be contacted by email at ocotillopta@palmdalesd.org. The current president is Naghma Khan.

III. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

IV. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations Web page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

School Safety Plan (School Year 2012-13)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

Ocotillo strives to provide a safe, secure, comfortable and clean environment for learning. Our school has a comprehensive Emergency Preparedness Plan and regularly practices its components to ensure that we are in a state of readiness should a situation arise. Fire drills are held monthly, while earthquake and lockdown drills are held each year. The Emergency Preparedness Plan is reviewed and updated annually. The Emergency Preparedness Plan was reviewed with staff on September 1, 2012 and October 18, 2012. Once a month staff reviews parts of the safety plan to ensure staff understanding. Adequate supplies and emergency equipment is on site and replenished and organized annually.

We use the Best Behavior Practices to insure a Safe, Responsible and Respectful environment. Staff is motivated to use four positives for every one negative correction. Students are rewarded and praised for good behavior.

XI. Instructional Planning and Scheduling

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

Teachers meet frequently within and across grade levels in lesson study and grade specific institutes to plan and discuss what they are doing and how to coordinate instruction. Professional Learning Communities (PLCs) are an integral part of our professional development and teachers participate a least once a week with their PLC grade level teams with a focus on student learning and academic achievement. A teacher survey is taken at the end of the school year that guides site professional development and in-service selection decisions. Student data is also used to determine professional development offerings. Sites design specific professional development based on academic content standards, the California Standards for the Teaching Profession, and research-based practices.

Educational Services, Special Education, English Learners, Student Assessment and Accountability, and Teacher Support departments participate in the planning and implementation of District staff development activities. Courses are offered throughout the year on week nights and Saturdays.

Trainings are also offered during the summer months on content specific and professional areas such as SIOP, Teacher Leaders, English Language Arts, mathematics workshops, unpacking standards, and intervention programs. . Administration training focuses on the development of learning communities.

Conference and convention attendance, in-service meetings and staff collaboration offers additional opportunities for professional growth. Teachers observe other professionals, engage in peer coaching, and work with mentors and grade level or departmental colleagues.
