School Accountability Report Card

Reported Using Data from the 2012-13 School Year

Published During 2013-14

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012–13 Academic Performance Index Reports Information Guide located on the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Shadow Hills has various opportunities for parents to become involved. Shadow Hills maintains a School Site Council, English Language Advisory Council, Parent Teacher Student Association, and an AVID Leadership Team all of which conduct monthly meetings. AVID Parent meetings are held each semester. Parents are encouraged to run for office and attend monthly meetings for these governing/advisory bodies. Visit the school's website www.palmdalesd.org for meeting dates and times. A Title 1 Meeting is held at the beginning of the year to inform parents about budget, school improvement and other pertinent information pertaining to Shadow Hills. The principal holds a monthly Parent Round Table to keep parents informed of everything happening at Shadow Hills. Six Parent Academies were held in the Spring to inform parents on a variety of education related topics. Parents desiring to assist in the classroom or as chaperones for field trips will need to complete the volunteer application process through our District Office.

III. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

IV. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations Web page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

School Safety Plan (School Year 2012-13)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

In compliance with Senate Bill 187 and Education Code 35294.6, Shadow Hills has developed a comprehensive safety plan. This plan is updated yearly and was recently updated following the SIMS model and Incident Command System (ICS). The elements of this plan include disaster preparedness and procedures for events such as a fire, earthquake, flood, smog, school riot, bomb threat, chemical spills, severe weather, community riot, airplane disaster, nuclear explosion, and external violent threat. The Emergency Preparedness Plan includes an evacuation map. Both have been reviewed with staff and students and are posted strategically in every classroom and throughout the school. Shadow Hills conducts routine emergency preparedness drills to ensure the safety and well-being of students and staff in the event there is a need for such an evacuation. A Safety Committee meets monthly to review safety concerns on campus, plan drill exercises, and plan safety trainings for the staff. The staff also participates in the district on-line safety trainings.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>. Types of Services Funded (Fiscal Year 2012-13)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

Title I supplementary services consist of: after school tutoring, additional instructional materials to supplement the core academic program, training the teachers in AVID strategies, student recognition and education related technology.

English Learners are clustered by ability level. All EL students are serviced with either an English Language Development class, AVID, Language! or special education class. All EL students are provided opportunities to advance from one ability level to the next with the final goal of being exited from the program entirely through the reclassification process. English Learner students have access to multilingual dictionaries in all of their classes. Students who are new to the country or who have a very limited English vocabulary have multilingual dictionaries assigned to them. The ELD program seeks to develop fluency in English, reinforce positive self-concepts, provide equal opportunity for academic achievement and promote cross-cultural understanding. Bilingual staff assist parents, students, and teachers with translation services.

Special Education Services are available to school-age children with identified disabilities. Eligibility for these services is determined by an Individualized Education Planning (IEP) team in compliance with existing state and federal laws. These services include supplementary instruction from a Resource Specialist, Speech Pathologist, and/or Adaptive Physical Education Certified Teacher. The Special Education Teachers work in collaboration with the General Education Teachers to ensure students are performing to the best of their ability.

XI. Instructional Planning and Scheduling

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

Teachers meet frequently within and across grade levels in lesson study, and department specific PLC's to plan and discuss what they are doing and how to coordinate instruction. A teacher survey is taken at the end of the school year that guides site professional development and in-service selection decisions. Student data is also used to determine professional development offerings. Sites design specific professional development based on academic content standards, the California Standards for the Teaching Profession, and research-based practices.

Educational Services, Special Education, English Learners, Student Assessment and Accountability, and Teacher Support departments participate in the planning and implementation of District staff development activities. Courses are offered throughout the year on week nights and Saturdays.

Trainings are also offered during the summer months on content specific and professional areas such as SIOP, Teacher Leaders, English Language Arts, mathematics workshops, unpacking standards, and intervention programs. . Administration training focuses on the development of learning communities.
